	b) Weekend Batch	2 months	4 hours per day	4 hours per day
	2 days per week	8 hours per day		

Q.12	How do the courses work?
Answer	Our courses are standardized for quality control and personalized to meet your requirements. As soon as you enroll for a course, our counselor will speak to you regarding your time preferences, skills, and career objectives. You will be assigned to a batch that best suits your profile, and your sessions will start soon thereafter. Most courses have 2 x 2.5 hr. sessions per week and are 8-12 weeks long. They culminate with a capstone project and certification. Gold and Platinum students are eligible for placement assistance.

Q.13	How much time would I have to devote to the course every week?
Answer	Our courses are rigorous so that you can learn as much as possible within a considerably short period. We expect our students to devote at least 10-15 hours every week towards the course.

Q.14	How do I check my progress?
Answer	Our dashboards are designed to track progress. Additionally, you will get personalized feedback from our mentors and study advisors.

Q.15	Who are the mentors?
Answer	Our mentors are top-notch industry professionals with at least 5 years of work experience. You will be taught by the best regardless of which batch you join as all our mentors are experts, who love technology, and are passionate about teaching.

Q.16	Do your courses require prior knowledge of subjects?
Answer	Most of our courses are easy to join and cover the basics. Hence, prior knowledge of anything is seldom required. Having said that, any knowledge of the subjects or experience in the field is always a plus.

Q.17	How can I get a demo of the course?
Answer	You can view a recorded demo session in the Course Overview section. Alternately, you can sign up for a live demo there.
Q.18	What if I miss a class?
Answer	All sessions are recorded and uploaded to the course dashboard for you to access at your convenience.
Q.19	Will I have to purchase textbooks?
Answer	Absolutely not. Our courses are project-based and require you to learn by working more than by reading. You will spend most of your time coding with the help of your mentor, and course materials that will be available to you on the dashboard.
Q.20	Will I develop my own project while taking this course?
Answer	Yes, you may. Our curriculum is comprehensive and will make you capable to create your own project. Our support staff is also committed to help you along the way. Alternately, you can work on one of the projects in our repertoire to implement what you learn.
Q.21	What do I need to work on the projects and assignments?
Answer	All you need is a laptop, internet connection and passion for the subject you have chosen.
Q. 22	Will I get a certificate at the end of the course?
Answer	Yes, you will get an internationally recognized certificate if you successfully complete the course.
Q.23	Do you also conduct examinations?
Answer	No, we do not conduct examinations. Our certificates are issued according to the continuous performances in assignments and projects.
Q.24	What is Data Visualization using Tableau?
Answer	Tableau is a Data Visualisation tool that is widely used for Business Intelligence, but it is not limited to it. It helps create interactive graphs and charts, dashboards and worksheets to gain insights.
Q.25	What if I fall sick or can't keep up with the course?
Answer	In case you drop out of the course due to a genuine reason, you will have 6 months' time to return to it. You shall be accommodated in the next batch as per the availability. If you fail to return to your training within this period, you will have to start afresh.
Q.26	Tell me more about the Placement Assistance Program.
Answer	Our placement assistance program offers students one-on-one career counseling, and the chance to work with our corporate partners. Candidates who fulfill the following criteria will be eligible for the program: Scored 75% marks or above (resulting in a Gold or Platinum certificate) in the course. Successfully completed at least 2 quality projects.

	Scored 80% in all the mock technical interviews. Was never found plagiarizing code.
Q.27	How can I pay for this course?
Answer	You can pay after registering for the course. We accept most credit and debit cards. You can also pay via net banking. Our payment portal has an EMI option if you wish to pay in installments.
Q.28	Do you have a refund policy?
Answer	Yes, we do. We believe in the quality of our courses and are confident that you will not feel the need to ask for a refund. In case you do feel the need, you can request a refund by writing to us at support@acadgild.com.
Q.29	If I need any further clarification whom can I contact?
